What class is right for me...?

Intro Class: This class introduces the dancer to core components, basic patterns, and tips on how to lead and follow. While this class is perfect for the beginner dancer, it is also a great refresher for the most seasoned of dancers

Combinations Class: We reveal the tricks of the trade in these classes. Learn how to combine the basic components to create numerous fun and exciting dance patterns. This class is designed for the dancer that has a few dance steps up his/her sleeve.

Technique & Styling Class: Have you ever wondered what makes the Rumba so sexy and the Waltz so graceful? We answer all these questions and more in these technique and styling classes. Our focus is not on specific figures, but actually on the movement of our bodies in rhythm with the music.

Beginner Class: This class is designed for the beginner student that has never taken dance lessons before or is just starting out. Our main focus is to introduce the patterns you learn in the most popular social dances (Foxtrot, Rumba, E/C Swing, Merengue or Bachata). This is a FREE class - open to the public at no cost, so please bring a friend.

Latin Dance Cardio: This class is designed to get your heart rate pumping. Come dance your cares away to the hot Latin music that makes up the Rumba, Bachata, Cha Cha, Salsa, Samba and Merengue. We also incorporate dance moves you can do on your own including Salsa shines and rhythm line dances. Make sure to come in comfortable dancewear and practice shoes; you may also want to bring your own water bottle to keep yourself hydrated.

Party Review Class: Our Party Review Class is designed to get you prepared and warmed up prior to our Dance Parties. We review all the basic steps to all the Dances we teach here at Beyond Dancing, please be sure to attend if you are planning on joining us on the dance floor to party!!!

Dance Party: Not just a group class, more than a run-of-the-mill 'party,' it's time to bring the *fiesta*! Our Dance Parties are great dress rehearsals before trying out your moves in a club or at an event. While these sessions will not be lead by a single instructor, your teachers will be dancing with students and giving feedback during the parties. Don't miss this chance to kick back and have fun! Please feel free to bring a snack or refreshment to share with your fellow dancer friends.
