## What class is right for me...?

**Intro Class:** This class introduces the dancer to core components, basic patterns, and tips on how to lead and follow. While this class is perfect for the beginner dancer, it is also a great refresher for the most seasoned of dancers

**Combinations Class:** We reveal the tricks of the trade in these classes. Learn how to combine the basic components to create numerous fun and exciting dance patterns. This class is designed for the dancer that has a few dance steps up his/her sleeve.

**Technique & Styling Class:** Have you ever wondered what makes the Rumba so sexy and the Waltz so graceful? We answer all these questions and more in these technique and styling classes. Our focus is not on specific figures, but actually on the movement of our bodies in rhythm with the music.

**Party Review Class:** Our Party Review Class is designed to get you prepared and warmed up prior to our Dance Parties. We review all the basic steps to all the Dances we teach here at Beyond Dancing. Please be sure to attend if you are planning on joining us on the dance floor to party!!!

**Dance Party:** Not just a group class, more than a run-of-the-mill 'party,' it's time to bring the *fiesta*! Our Dance Parties are great dress rehearsals before trying out your moves in a club or at an event. While these sessions will not be lead by a single instructor, your teachers will be dancing with students and giving feedback during the parties. Don't miss this chance to kick back and have fun! Please feel free to bring a snack or refreshment to share with your fellow dancer friends.

## Upcoming Events

**Social Dance:** Thursday, August 11th. Get ready to dance the night away. BYOB or a dish to share with your dancing friends during our fun social dance party right here at Beyond Dancing.

**Group Classes:** These experiences are a really great way to learn new steps and gives you the perfect opportunity to practice with other partners learning how to social dance.

**Sizzling Summer Mix & Match:** Check with your main instructor about activity we are adding to the calendar this month.

Groups & Parties are the best  
opportunities to practice!  
Join in the fun :)
